# SECURITY POLICY

**PRIME ALLIANCE BANK**
**1868 SO. 500 WEST**
**WOODS CROSS, UTAH 84087**
**PHONE: (801) 296-2200**

**The Internet banking service has several effective security techniques that we encourage you to implement when you use the Internet Banking System:**

1. Never reveal your password to anyone or leave your password anywhere that someone else can obtain and use it.
2. Change your password on a regular basis.
3. Use the Exit button to end each Internet banking session. Do not use the Back button to exit the site.
4. Change your session timeout in User Options to a time that meets your needs.
5. Balance your account on a regular basis. Internet Banking makes it easy!
